FOR MEN

FOR MEN with ProSkin Control 24hr is a grooming system for the face and body that delivers the non-stop hydration and protection men need to achieve and maintain good-looking skin.

3-Step Collection

4-Step Collection with Face Scrub

5-Step Collection with Shave Oil

Men's skin...

Q. What is ProSkin Control 24hr?

A. It's a complex of ingredients composed of a hydration complex and Wine Extract. It provides a 24 hour hydration and protection to men's skin.

Q. How does ProSkin Control 24hr hydration work?

A. The 24 HOUR HYDRATION is from the hydration complex containing a blend of mineral salt, lactate and sugar, which are a non-stop moisturiser for men's skin care. Specially formulated to suit men's thicker epidermis and higher collagen level, it stimulates water retention and enhances both the smoothness and hydration of skin.

Q. What ingredients protect the skin?

A. The PROTECTION is from the Wine Extract which is a six time concentrate extracted from French red and white wines. It offers a free radical scavenging activity to fight against ageing, reinforcing the cells self-defence system against oxidation stress.

Our amazing journey...

Situated on the Silk Route, high in the Himalayas, is the Hunza Valley; home to an ancient tribe called the Hunzakuts and the birthplace of a legend.

Having read about the Hunzakuts and their apparent youth and longevity, a young man left his home in 1961 and journeyed along the fabled Silk Route until he came upon the Hunza Valley and its remarkable inhabitants.

In spite of living difficult lives in the extreme conditions of the Himalayas, the Hunzakuts had the smoothest skin he had ever seen and he discovered that each day, to protect their exposed skin from the elements, the Hunzakuts would apply precious Apricot Kernel Oil.

It was this discovery that led to the birth of Nutri Rich Oil and Nutrimerics – **NUTR**itional cos**METICS**.

Today, Nutrimerics is a leader in skincare and beauty innovation and a leader in direct selling. This means unique, one-on-one service for our customers and a flexible lifestyle and earning opportunity for thousands of Nutrimerics Consultants in 11 countries worldwide.
