Our amazing journey...

Situated on the Silk Route, high in the Himalayas, is the Hunza Valley; home to an ancient tribe called the Hunzakuts and the birthplace of a legend.

Having read about the Hunzakuts and their apparent youth and longevity, a young man left his home in 1961 and journeyed along the fabled Silk Route until he came upon the Hunza Valley and its remarkable inhabitants.

In spite of living difficult lives in the extreme conditions of the Himalayas, the Hunzakuts had the smoothest skin he had ever seen and he discovered that each day, to protect their

exposed skin from the elements, the Hunzakuts would apply precious Apricot Kernel Oil.

It was this discovery that led to the birth of Nutri-Rich Oil and Nutrimetics - NUTRitional cosMETICS.

Today, Nutrimetics is a leader in skincare and beauty innovation and a leader in direct selling. This means unique one-on-one service for our customers and a flexible lifestyle and earning opportunity for thousands of Nutrimetics Consultants in 11 countries worldwide.

Nutri-Rich Oil

From the heart of the apricot, the essence of beauty

With its powerful regenerative properties, Apricot Kernel Oil is the foundation on which iconic Nutri-Rich Oil was created over 45 years ago. Its abundance in Vitamin A is proven to deliver anti-ageing benefits and while its properties have been coveted for thousands of years, Apricot Kernel Oil delivers the nurturing and protection skin needs to keep it soft, supple and radiant in today's world.

NUTRI-RICH OIL

All skin types except oily

This highly-concentrated blend of Apricot Kernel Oil, Vitamin E, Sesame, Rice Bran and Cotton Seed Oils supplement the skin's natural oil supply to relieve dryness and increase its ability to hold moisture, so the skin appears firmer and fine lines and wrinkles smoother.

60ml (1107)

25ml (1119)

NUTRI-RICH OIL EL

All skin types except dry

This innovative formula offers the same skin-enriching benefits of Nutri-Rich Oil but with a lighter texture that's ideal for oilier skin types and absorbs quickly to provide a smooth base under make-up or a vitamin-rich boost for instant radiance.

60ml (1095)

The science behind the Apricot

"Apricot Kernel Oil is the foundation ingredient in both Nutri Rich Oil and Nutri Rich Oil EL and while it comes from a large family of vegetable-derived oils as a skincare ingredient it's in a class of its own. This is because the level of fatty acids found in Apricot Kernel Oil is very similar to those found in the skin so its ability to promote and retain suppleness and elasticity is far superior to other oils. It's also very high in anti-ageing Vitamins E and A, which protect the skin and promote cell regeneration, key factors for retaining smooth, youthful-looking skin."

Annis Won, International Technical Development Manager

Heritage

Classic care for a lifetime of beautiful skin

Achieving and maintaining beautiful skin requires a perfect balance between nurturing and treating the skin. The Heritage range is enriched with Apricot Kernel Oil and powered by an additional 50 botanical extracts that are proven to cleanse, clarify, nourish and protect whilst preserving the delicate balance essential for a lifetime of beautiful skin.

SKIN CLEAN

All skin types except oily

This gentle, effective cleansing milk contains Sesame and Soybean Oils to rapidly lift impurities from the pores; while Glycerin, Herbal Extracts and Shea Butter nourish and protect natural moisture levels, leaving skin silky soft yet thoroughly cleansed.

200ml (1101)

SKIN FRESH

All skin types

This gentle toner removes the last traces of cleanser and prepares the skin for moisturising. The alcohol-free formula protects the skin's moisture levels while Lemon, Orange and Lime Essential Oils tighten pores for a refreshing and natural toning experience.

200ml (1102)

NUTRI-MOIST EL

Combination and oily skin

This light blend of Apricot and Peach Kernel Oils replenishes moisture to combination and oily skin. Vitamin E protects against environmental damage while Sage Extract and Rosewater deliver clarity and radiance, leaving skin soft and smooth.

125ml (1125)

NUTRI-MOIST

Normal and normal to dry skin

Nutri-Moist is our bestselling moisturiser. Apricot Kernel, Soybean Oils and Shea Butter quickly replenish normal and normal to dry skin with up to one third more moisture whilst protecting from environmental damage.

125ml (1105)

NUTRI-MOIST INTENSE

Dry skin

A concentration of super-hydrating ingredients delivers intense, lasting hydration to extremely dry and dehydrated skin. Apricot Kernel Oil, Shea Butter and Evening Primrose Oil hydrate and nourish, while Hydrolysed Silk leaves a protective film to minimise moisture loss.

125ml (1051)

NUTRI-EYES EYE CRÈME

All skin types

The delicate eye area is prone to dehydration and premature ageing so Nutri-Eyes is formulated with Apricot Kernel and Avocado Oils to maintain ideal moisture levels, while Potassium – the 'youth' mineral – naturally lifts and smoothes. Ophthalmologically tested.

15ml (1099)

HONEY AND ALMOND SCRUB

All skin types except dry

Finely milled Almonds and Oatmeal gently buff away the dead cells that cause blockages; whilst Honey softens and refines the pores and Peppermint Oil cools and invigorates, leaving the complexion glowing with health and radiance.

125ml (1103)

MINERAL MASQUE

All skin types except dry

The natural mineral clays in Mineral Masque absorb excess oils and impurities embedded within the pores, while a special blend of Soybean Oil and Apricot Fruit Extract soothe and condition the skin to leave it clean, clear, bright and refreshed.

125ml (1104)

Restore

Help your skin fight back against wrinkles

High performance Restore helps your skin fight back against wrinkles in every step of your skincare routine. The key active ingredient across the Restore range is BioPhytox™, naturally derived from the Hibiscus plant and clinically proven to promote firmness and fortify the skin against ageing.

FOAMING CLEANSING LOTION

All skin types except dry

Enriched with natural BioPhytox™ and Passion Flower Extract to help protect the skin's natural moisture level whilst gently cleansing. Leaves skin feeling soft and clean.

200ml (1965)

SOFTENING CLEANSING CRÈME

All skin types except oily

An intensely hydrating cleanser, enriched with natural BioPhytox™. Ginseng, Ginkgo and Echinacea help to reduce dry skin irritation while Vitamins C and E maintain suppleness, leaving skin clean, fresh and comfortable.

150ml (1948)

REFINING TONING LOTION

All skin types

Formulated with Witch Hazel to condition and firm pores, Vitamin C to restore skin tone and natural BioPhytox™, Refining Toning Lotion gently completes the cleansing process without drying.

200ml (1966)

ANTI-AGEING FIRING EYE CRÈME

All skin types

Specially formulated to deeply hydrate and nourish the delicate eye area whilst BioPhytox™ delivers impressive anti-ageing results: hydration improves by up to 40%, firmness improves by up to 30% and wrinkle depth decreases by up to 40%.

20ml (1970)

ANTI-AGEING MOISTURISING CRÈME SPF 15

Normal and normal to dry skin

Medium moisturisation and SPF15 protection for normal and normal to dry skin. Natural BioPhytox™ delivers exceptional anti-ageing benefits: hydration improves by up to 45%, firmness improves by up to 28% and wrinkle depth decreases by up to 30%.

60ml (1973)

ANTI-AGEING INTENSE MOISTURISING CRÈME SPF 15

Dry skin

Intense moisturisation and SPF15 protection for dry and dehydrated skin. Natural BioPhytox™ delivers exceptional anti-ageing benefits: hydration improves by up to 50%, firmness improves by up to 28%, wrinkle depth decreases by up to 30%.

60ml (1974)

* Based on independent clinical testing for 28 days.

**ANTI-AGEING
INTENSE NIGHT
MOISTURISING
CRÈME**

All skin types except oily

This deeply nourishing night crème is enriched with BiPhytox™ to rapidly reduce visible signs of ageing while you sleep. Hydration improves by up to 50%, firmness improves by up to 35% and wrinkle depth decreases by up to 45%*.

60ml (1971)

Comfort

Soothe Sensitive Skin

Developed with an expert understanding of the complexities of sensitive and delicate skin, Comfort underwent extensive clinical testing at a leading UK hospital. Trialled by 50 eczema-prone patients, Comfort was proven to be perfectly compatible with the needs of highly sensitive skin in 98% of cases, confirmation that Comfort is the ideal choice for sensitive and delicate skin.

SOOTHING CLEANSING CRÈME

All skin types

This rich, creamy formula is the gentlest of cleansers. Enriched with Oat Milk and Honey, it calms redness and soothes irritation as it cleanses make-up and impurities from the skin. Rinse or tissue off formula.

150ml (1924)

GENTLE TONING LOTION

All skin types

A unique toning formulation enriched with Oat Milk and Honey to soothe and calm the skin as it gently purifies, removing the last traces of cleanser and preparing the delicate complexion for moisturising.

200ml (1925)

NOURISHING EYE CRÈME

All skin types

A true innovation for delicate skin, this unique eye crème intensively hydrates the eye area whilst Oat Milk and Honey calm redness and soothe irritation, making it ideal for sensitive eyes. Apply morning and evening after moisturising.

20ml (1928)

CALMING DAY CRÈME

All skin types

A nourishing crème enriched with Oat Milk and Honey to calm redness and irritation whilst delivering the moisture and comfort delicate skin needs to look and feel beautiful. Apply daily after cleansing, ensuring skin is thoroughly dry.

60ml (1926)

RELAXING NIGHT CRÈME

All skin types

Formulated with Oat Milk and Honey to intensively nourish and soothe delicate skin while you sleep; doubling as a day crème for dry and very dry skin types. Apply nightly after cleansing, ensuring skin is thoroughly dry.

60ml (1927)

Hydrafinity

Exhilarate your skin with pure hydration

Hydration and anti-oxidant protection are essential for addressing the first signs of ageing. The Hydrafinity range is bursting with mineral-rich hydration of Alpine Glacial Water, sourced from 150 metres below the earth's surface; while a powerhouse of anti-oxidant rich botanical extracts protect and energise the skin to keep it looking healthy and beautiful.

HYDRAFINITY REFRESHING CLEANSING GEL

All skin types except dry

Exhilarate and hydrate with this gentle foaming gel. Aquatic Iris Extract gently cleanses away make-up and impurities as Alpine Glacial Water delivers revitalising moisture to the skin, leaving it refreshingly clean and exhilarated.

130ml (18915)

HYDRAFINITY REVITALISING TONING MIST

All skin types except dry

Orange Flower Extract and Alpine Glacial Water combine to gently tone and condition the skin in preparation for moisturisation. Revitalising Toning Mist can also be used to give skin a quick pick-me-up during the day.

130ml (18916)

HYDRAFINITY SKIN HYDRATOR

All skin types except dry

This remarkable light crème delivers round-the-clock hydration thanks to exhilarating Alpine Glacial Water and a unique Hydrating Complex; while anti-oxidant rich Vitamin C helps minimise free radical damage. The complexion is left healthy, hydrated and radiant.

50ml (18917)

HYDRAFINITY PM MOISTURE REGENERATION CRÈME

All skin types except dry

This intense moisturising crème is formulated with Alpine Glacial Water and anti-oxidant rich Pink Grapefruit Oil, which stimulates cell regeneration, helping the skin maintain its youthful appearance.

50ml (18926)

BODY CARE

Hydrafinity

Exhilarate your skin with pure hydration

Extending the exhilarating experience of Hydrafinity Skincare, the Nutrimetics Beauty Lab has created Hydrafinity Body, unique formulas charged with Alpine Glacial Water that takes bodycare to the next level, indulging the body and spirit with active botanical extracts and luxuriously sensorial textures.

ENERGISING BODY SCRUB/MASQUE With Volcanic Pumice

This formula works as both a masque with Kaolin Clay to draw impurities from deep within the skin and an exfoliator with Volcanic Pumice to buff and polish the body to perfection, leaving it feeling soft and refreshed.

200g (18923)

AWAKENING SHOWER CRÈME With Elderflower Extract

Formulated with soothing Elderflower Extract and nourishing Jojoba, Sweet Almond and Avocado Oils, this Shower Crème lathers into a velvety foam to cleanse and awaken the skin, leaving it soft, smooth and hydrated.

200ml (18922)

HYDRATING BODY ICE With Cherry Blossom Extract

Charged with super-hydrating Alpine Glacial Water and infused with skin-nurturing Cherry Blossom Extract, Hydrating Body Ice instantly cools and invigorates by promoting the skin's micro-circulation, a feeling that lasts long after the lotion has been absorbed.

225ml (18924)

Clear

A clear skin future, at any age

Clear is formulated with Mineralised Zinc to deliver high-performance solutions for problem skin. Blemish-prone skin is not exclusive to teenagers so it's important that skincare is gentle enough to be used at any age, without stripping the skin or interrupting its natural moisture balance, which is essential for clear, bright and beautiful skin.

OIL CONTROL CLEANSING GEL

Combination and oily skin

Nutri Clean

Multi-purpose

Gentle, useful, economical... essential! Nutri Clean is a multi-purpose liquid soap that cleans effectively but gently, while respecting the environment.

Nutri Clean helps the bird victims of oil spills

Following the sinking of the 'Erika' Oil Tanker off the West Coast of France in Brittany in 1999, Nutri Clean has been used by the Bird League of Ile Grande in Brittany, to clean the oil from the birds which have been caught up in oil spills. Today, Nutrimetics continues to support the rescue of the birds.

Nutri-Clean is so gentle yet so effective that its mild formula cleanses the oil from the birds without causing any damage, leaving the natural waterproof protection on the feathers.

NUTRI-CLEAN ORIGINAL LOTION CONCENTRATE (OLC)

A concentrated, mild and gentle all-purpose cleaner. Nutri Clean is pH neutral and has a natural surfactant base. It is botanically enriched and is clinically proven by dermatologists to be non-irritating even on sensitive skins. It's anti-static properties perfectly suit everyday use.

GROOMING
FOR MEN

For Men

For Men with ProSkin Control 24hr is a grooming system for the face and body that delivers the non-stop hydration and protection men need to achieve and maintain good-looking skin. Suitable for even the most sensitive of skins.

CLEANSING FACE WASH

All skin types

This non-drying cleanser keeps skin in optimum condition by rinsing away impurities that can cause blackheads and dull-looking skin, leaving it looking clear and refreshed. Lather gel onto damp skin morning and evening.

100ml (10980)

PURIFYING FACE SCRUB

All skin types

Clear skin of impurities and combat dead skin cells with this gentle, purifying face scrub. Enriched with ProSkin Control 24, it prevents in-grown hair and is suitable for sensitive skin. Apply onto damp skin and massage gently then rinse.

75ml (10981)

ENERGISING FACE GEL

All skin types

This oil-free gel contains Vitamin C to invigorate the skin whilst managing oil levels throughout the day, keeping the skin looking fresh and shine-free. Apply morning and evening after cleansing.

75ml (10983)

ANTI-WRINKLE FACE HYDRATOR SPF 15

All skin types

Fight the visible signs of ageing with this delicate face hydrator. Ideal for daily use, apply the gel-crème onto cleansed skin avoiding the eye area.

50ml (10984)

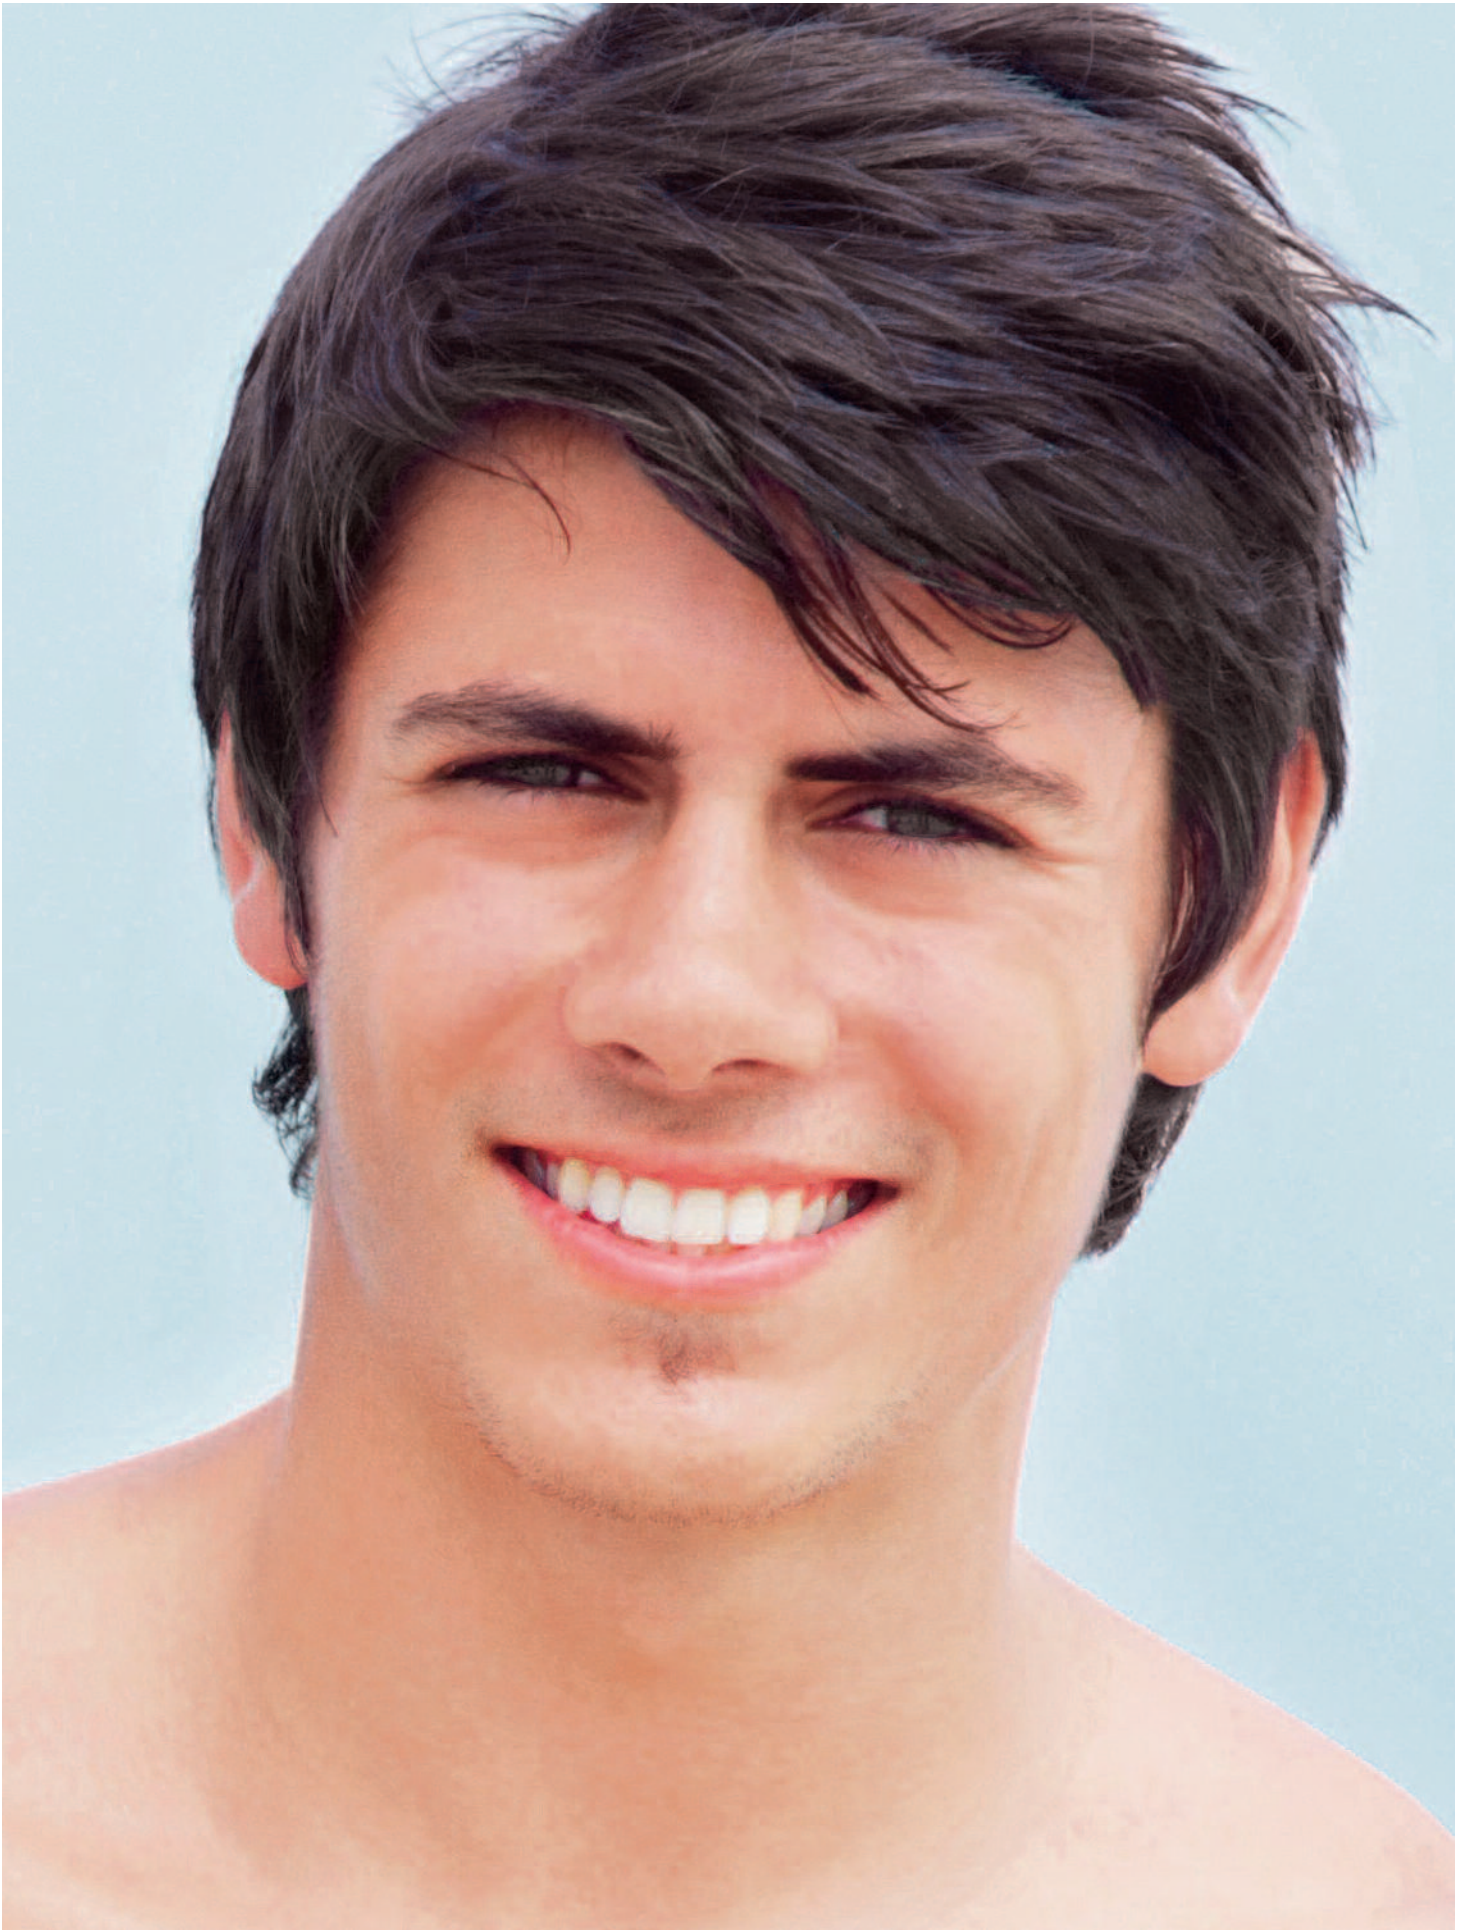

TOTAL HAIR & BODY WASH

All skin types

This double-duty cleanser is formulated for the hair and body, so it effectively cleanses without drying. In the shower, massage the gel over body and lather into hair for all over freshness.

Understanding the Beauty Industry Language

Since the very beginning Nutrimetics has always had a strong product philosophy; to combine the best of nature with science to create high performance, naturally enriched products. A cosmetic product is a combination of ingredients; emulsifiers, binders, thickeners, preservatives and active ingredients, which give the product specific properties. To help you understand an ingredient listing on a product below is an explanatory ingredient glossary, as well as a list of popular 'beauty' words and their meanings.

When an ingredient is not available in a natural form, Nutrimetics seeks a synthetic form that is closest to a natural plant as possible.

Active Ingredients

Ingredients which have several main functions: to hydrate, nourish, protect, regenerate, stimulate and invigorate.

Anti-Oxidants

Ingredients which combat oxidation. 'Oxidation' is a breakdown process in the presence of oxygen. The main catalyst in the body is a high reactive molecule called a free radical, which is capable of affecting or harming living cells. Anti-oxidants work by either neutralising or reducing the potential harmful effects of the free radicals. Anti-oxidants can help soothe and protect the skin from environmental damage.

Collagen

A natural protein, seen as bundles of fibres, which give the skin its strength and firmness. These elastic fibres help to keep our skin supple. Ageing and exposure to ultra-violet rays cause the collagen fibres to shrink and lose their strength

Contouring

The art of accentuating natural shadow areas in the cheek or eye area or the ability to redefine or reshape facial areas.

Emollient

A substance that softens, smoothes and nourishes the skin. It helps protect the moisture in the skin by creating a protective barrier.

Essential Fatty Acids (EFA)

Helps to retain moisture.

Exfoliant

Removal of dead surface skin cells.

Essential Oils

Concentrated botanical essences, much lighter than water which can evaporate quickly. They are usually mixed with other ingredients to trap their effectiveness.

Free Radicals

Molecules fabricated by the body which attack the body cells, which in turn can cause skin ageing.

Humectant

Ingredients which attract and hold moisture. They can attract moisture from the atmosphere or from the product itself.

pH

The hydrogen ion concentration of a solution which determines the degree of acidity or alkalinity. Measured numerically on a scale of 1 to 14, any number below 7 represents being acidic, while any number above 7 being alkaline. The number 7 represents neutrality neither predominantly acidic nor alkaline. The skin's surface is naturally acidic with a pH of approximately 5.5.

Mineral Pigments

Powders extracted from natural, earth minerals such as Mica, Zinc and Titanium Dioxide.

Moisturise

To add additional moisture to the skin.

Nourish

To provide the skin with ingredients that support, strengthen and feed the skin.

Regenerate

A product or ingredient that encourages the skin renewal process to start or speed up giving the skin a fresh, new look.

Stimulate

A product, or ingredient, that stimulates the skin to start / work faster in a specific function.

Tone

Toning the skin with a toner helps clear any remaining cleanser or dirt plus closes the pores after the cleansing process.

UV Filters

Added to cosmetics products to filter certain UV rays in order to protect the skin from the harmful effects of these rays.
